

College of Health & Human Sciences Northern Illinois University

Bachelor of Science in Human Development and Family Sciences: Emphasis 3: Child Development

Transfer Guide for Illinois Community College Students¹

This transfer guide is designed as an advising tool to facilitate a smooth transition between institutions by identifying relevant course work recommended to be completed prior to transfer.

Community college students are encouraged to

- Complete an A.A. or A.S. degree prior to transfer
- Utilize the *NIU Articulation Handbook* for information regarding the transferability of courses. <http://www.niu.edu/admissions/transfer/plan/credits/index.shtml>
- Consult with the College of Health and Human Sciences and/or review the websites for their intended majors for detailed information about special requirements, program admission requirements, and course requirements. www.chhs.niu.edu

The mission of the School of Family and Consumer Sciences (FACS) at Northern Illinois University is to generate and transmit knowledge that supports families and individuals in meeting human needs for self-development, social interaction, resource allocation, clothing, food, and hospitality. All programs lay the groundwork for graduate study.

All three emphases in Human Development and Family Sciences prepare the student to work as professionals serving families and children. The [Child Development](#) emphasis provides preparation for professionals who serve infants, toddlers and young children and their parents in parent-child programs both home and community based, in programs for parents and expectant parents, in child-life programs, early intervention, early childhood education, and in leadership/advocacy positions. It is recommended as preparation for advanced degrees in child development, Human Development and Family Sciences, and related fields.

A student who enters the program with the courses as listed and who have completed an A.A. or A.S. degree can usually expect to complete the NIU program in two years.

¹ Based on requirements in the 2018/19 *Undergraduate Catalog*

Major in Human Development and Family Sciences: Emphasis 3, Child Development

Courses Recommended Prior to Transfer

ENGL 203 Rhetoric and Composition II (3)

One of the following:
